Cities and Municipalities—Buildings, Structures and Grounds; Development and Redevelopment of Areas In and Around Cities—Definitions; Redevelopment Project Costs; Site Preparation; Demolition of Existing Buildings; Capping Sewer Lines. Senator Mark W. Taddiken, Clifton, June 23, 2004.

Site preparation may include demolition of buildings when the demolition is necessary to prepare the site for buildings and facilities proposed to be constructed in a redevelopment district. Relocation of sewer lines, including capping existing lines, is authorized as a site preparation under K.S.A. 2003 Supp. 72-1770a(q), as amended by L. 2004, Ch. 154, § 3. Under such circumstances, monies raised through bonds issued pursuant to K.S.A. 12-1770 et seq. may be used to pay the costs of these activities. Public Health—Regulation of Dentists and Dental Hygienists—Grounds for Refusal to Issue License or for Action Against License of Dentist or Dental Hygienist; Disciplinary Action by Board; Disposition of Fines and Costs Assessed Against Dentist or Dental Hygienist.

State Boards, Commissions and Authorities—Kansas Dental Board—Disposition of Moneys. Larry A. Williamson, Executive Director, Kansas Dental Board, Topeka, June 29, 2004.

To the extent they conflict, K.S.A. 65-1436(d) prevails over K.S.A. 74-1405(f) in relation to disposition of moneys assessed and collected by the Kansas Dental Board as a fine when the amount of costs assessed in a disciplinary case exceed the amount of the fine. Thus in that situation, pursuant to K.S.A. 65-1436(d), the full amount of the moneys collected by the board accrue to the dental board fee fund. Waters and Watercourses—Groundwater Management Districts—District Powers; Acquisition of Land; General Improvement Bonds; Use of Monies. Vernon Hirt, President, Big Bend Groundwater Management District No. 5, Stafford, June 29, 2004.

A groundwater management district may acquire land and interest in land in excess of 1,000 acres by gift, exchange or eminent domain. However, if the amount of land and interest in land so acquired exceeds 1,000 acres, the district must dispose of that excess in a reasonable and expeditious manner. The Kansas Legislature chose not to specify an exact time frame regarding what would be considered "reasonable and expeditious" because of the variability of factors involved in the sale of land. Consequently, it is not possible to establish a bright line time frame. Should the situation arise wherein a district needs to dispose of excess acreage, the district should act in good faith by taking necessary steps toward disposition as quickly as is feasible under the circumstances.

The purchase of a water right for the purpose of retiring the right is not a capital cost of works of improvement for which a groundwater management district established pursuant to K.S.A. 82a-1020 *et seq.* may expend monies that are raised through issuance of general improvement bonds authorized under K.S.A. 82a-1031. Taxation—Liquor Drink Tax—Local Alcoholic Liquor Fund; Distribution of Moneys. Janet Holley, Elk County Free Fair Association, Longton, June 29, 2004.

An expenditure of money from the special parks and recreation fund, derived from the local alcoholic liquor tax, for the construction of a new Elk County Free Fair Association building is within the discretion of the Elk County Board of County Commissioners. If the commissioners determine that the facility would be used in substantial measure for recreational purposes, and thus within an authorized statutory purpose, albeit the facility would also be used for agricultural purposes by the Elk County Free Fair Association, then the commissioners may distribute the special parks and recreation fund moneys for this purpose. Roads and Bridges—County and Township Roads—Township Board of Highway Commissioners; Compensation. Jan Satterfield, Butler County Attorney, El Dorado, June 29, 2004.

Township board members can be compensated for providing services to the township provided the services fall within the parameters of "township business" or are identified specifically in the statutes. However, while a township board may be authorized to appoint or employ one of its members to perform services for the township,

its members must comply with all state governmental ethics laws. Counties and County Officers—County Commissioners, Powers and Duties—Powers of Board of Commissioners; Authority of Each Commissioner to Hire Their Own County Road Employees.

State Departments—Public Officers and Employees; Open Public Meetings—Closed or Executive Meetings; Personnel Matters of Nonelected Personnel; Taking Binding Action; Hiring Employees. James L. Emerson, Crawford County Counselor, Girard, July 7, 2004.

As long as the decision to permit such a practice becomes binding upon the county in conformity with the Kansas Open Meetings Act, it is our opinion that K.S.A. 19-212 permits a board of county commissioners to decide how many road supervisors and road crews best serve the interests of the county and that the board may legally decide to delegate such hiring decisions to a single individual, including each of the three commissioners. Probate Code—Care and Treatment for Mentally Ill Person—Trial Upon the Petition; Applicability of Health Insurance Portability and Accountability Act (HIPAA) to Testimony of Health Care Providers. Don Scott, Seward County Attorney, Liberal, July 7, 2004.

The "disclosures required by law" provision of the Health Insurance Portability and Accountability Act (HI-PAA) in 45 C.F.R. § 164.512(a) permits a health care provider to disclose protected health information contained in a report of an evaluation ordered by a court pursuant to K.S.A. 2003 Supp. 59-2961 in a care and treatment proceeding if the disclosure is limited to evidence that is relevant and material to the issue of whether the proposed patient is a mentally ill person subject to care and treatment under the Act. Additionally, under 45 C.F.R. § 164.512(a) a health care provider (other than a court-or-

dered evaluator) who is subpoenaed to testify at a care and treatment proceeding may disclose protected health information if the disclosure is limited to evidence that is relevant and material to the issue of whether the proposed patient is a mentally ill person subject to care and treatment under the Act. However, even when a disclosure is allowed under the "required by law" provision in a care and treatment proceeding, a health care provider may still need to meet the requirements of 45 C.F.R. § 164.512(e) that pertain to disclosures for judicial proceedings.

The "disclosures for judicial and administrative proceedings" provision in 45 C.F.R. § 164.512(e)(1)(i) also permits a health care provider to disclose protected health information contained in a report of an evaluation ordered by a court pursuant to K.S.A. 2003 Supp. 59-2961 in a care and treatment proceeding without further process, provided that only the health information expressly authorized by the court's order is disclosed. In the absence of an actual order of a court that expressly authorizes disclosure of protected health information, under 45 C.F.R. § 164.512(e), a health care provider who has been subpoenaed to testify in an involuntary commitment proceeding must have received HIPAA's requisite "satisfactory assurances" in order to disclosure HIPAA protected health information. However, if a court expressly orders such a disclosure, pursuant to 45 C.F.R. § 164.512(e)(1)(ii) a health care provider may disclose otherwise protected health information as authorized by the order.

45 C.F.R. § 164.512(e) is procedurally "more stringent" than any of the Kansas privilege statutes and the applicable suspension of such privileges in the context of a care and treatment proceeding, and thus preempts each of them in relation to the procedure required before a patient's health information may be disclosed. Thus, HIPAA's procedural "baseline" pursuant to 45 C.F.R. § 164.512(e) must be reached before a health care provider becomes authorized under the applicable Kansas privilege suspension statute to disclose health information in a care and treatment proceeding. Once any requisite procedures pursuant to 45 C.F.R. § 164.512(e) have been complied with, any relevant and material evidence may be admitted in a care and treatment proceeding. Cited herein: K.S.A. 2003 Supp. 59-2945; 59-2946; 59-2959; 59-2961; 59-2962; 59-2965; 59-2966; 59-2979; K.S.A. 2003 Supp. 59-5603; K.S.A. 60-425; 60-427; 65-5810; 65-6315; 65-6410; 74-5272; 42 U.S.C. §§1320d-2; 1320d-7; 45 C.F.R. §§ 160.103; 160.104; 160.202; 164.501; 164.502; 164.512. Probate Code—Care and Treatment for Mentally Ill Persons; Voluntary Admission to Treatment Facility; Voluntary Out-Patient Treatment of Minors. Phyllis Gilmore, Executive Director, Behavioral Sciences Regulatory Board, July 22, 2004.

Based on the definition of "treatment facility" in the Care and Treatment for Mentally Ill Persons Act, we conclude that a minor 14 years of age but less than 18 years of age may consent to outpatient (as well as inpatient) treatment at a treatment facility as a voluntary patient,

(continued

but the head of the treatment facility must so notify the minor's parent, legal guardian or other person known to the head of the treatment facility to be interested in the care and welfare of the minor. Intoxicating Liquors and Beverages—Licensing and Related Provisions; City Option—Sale of Liquor by Package; Petition and Election. Barry L. Arbuckle, Valley Center City Attorney, Wichita, July 22, 2004.

As the Liquor Control Act does not apply uniformly to all cities, a city may charter out of the petition requirement of K.S.A. 41-302, which authorizes cities to present the question of licensing the retail sale of packaged alcoholic liquor to city electors upon submission of a valid petition. Whether county election officials can conduct a binding election pursuant to an ordinance requiring an election on the issue of licensing the retail sale of packaged alcoholic liquor is an area of the law that remains unsettled. However, in light of State of Kansas, ex rel. Kline v. The Unified Board of Comm'r of the Unified Government of Wyandotte County/Kansas City, Kansas, and the dearth of Kansas appellate court decisions on the issue, we believe the better approach is to allow county election officials to conduct a binding election pursuant to an ordinance chartering out of the petition requirement of K.S.A. 41-302 provided the ordinance does not impose duties with regard to the *conduct* of the election not required by the statute. Assuming that an election is held in conformity with the election requirements of K.S.A. 41-302, the director of Alcoholic Beverage Control shall be bound by the results. Cities and Municipalities—Buildings, Structures and Grounds—Definitions; Use of Monies Raised Through STAR Bonds; Meaning of Word "Property." Wilk, 42nd District, Lansing; Representative Lana Gordon, 52nd District, Topeka, July 30, 2004.

Until June 3, 2004, the word "property" as used in the Tax Increment Finance (TIF) Act included both personal and real property. Prior to that date TIF proceeds were legally available to finance both real and personal property necessary to implement a redevelopment plan. As of June 3, 2004, pursuant to 2004 House Substitute for Senate Bill No. 395, proceeds of TIF bonds became prohibited for use to finance personal property and thus became legally available to finance only real property. Counties and County Officers—County Commissioners—Sale or Disposition of County Property; Sale of Ambulance to Private Ambulance Service. Edward S. Dunn, Jackson County Counselor, Holton, September 13, 2004.

It is our opinion that K.S.A. 19-211(b), as amended, allows a county to sell county owned property, including an ambulance, valued at more than \$50,000, without resorting to a competitive bid process, if the county adopts a resolution containing the required information and if the county follows a procedure that provides for public notice and participation in the decision making process. The provision in K.S.A. 47-624 allowing the disposal of an animal after a "bill of health" has been obtained from the livestock commissioner does not give the commissioner discretion to write a "bill of health" on an animal that has tested positive for an infectious or contagious disease. #### Kansas Water Marketing Program

Three recommendations are being considered:

- Put in place a long-term financial strategy to avoid having an unfunded debt to pay at the end of the contract term for purchase of water storage in federal reservoirs from the U.S. Army Corps of Engineers.
- Increase the cost component of the Water Marketing Rate deposited in the Conservation Storage Water Supply Fund from 2.5 cents to 4.1 cents per 1,000 gallons of raw water purchased. The fund serves as a depreciation reserve. The increase reflects an inflation adjustment since the program began in 1983 based on the Consumer Price Index (CPI). Future in-

- creases, if necessary, will be based on the Water Marketing Program customer base and tied to the CPI. A second component is to switch from an adjustable rate based on prior year costs to the coming year's projected costs.
- Modify the Water Marketing Act to streamline payment of administration and enforcement costs directly from the Water Marketing Fund. Currently, funds are deposited in the state general fund and then transferred to the Water Marketing Fund. Under the proposed plan, the Kansas Water Office would pay administrative and enforcement costs directly from the Water Marketing Fund. In addition, three representatives of Water Marketing Program customers (industrial and small and large municipalities) would be selected to serve as ex-officio members of the Kansas Water Authority's Public Water Supply Operations Committee.

# **Reservoir Restoration Demonstration Projects** and Research

Four recommendations are being considered:

- Conduct a demonstration project on the restoration of a small, public water supply lake. Older public water supply lakes will be identified and local officials will be queried on their interest in participating in a demonstration project. One or more demonstration projects will be selected.
- Review the results of studies at Oologah Lake and El Dorado Lake to assist in developing a reservoir restoration plan at a federal reservoir in Kansas that provides water through the Kansas Water Marketing Program.
- Develop a predictive model for taste and odor problems.
- Redirect Clean Drinking Water Fee revenues to the State Water Plan Fund.

#### **Alternative Dispute Resolution**

To resolve water resource conflicts in their early stages, it is proposed that appropriate agencies could use their own trained mediators. The costs would be absorbed by existing agency budgets. For multi-party, multi-county or multi-level conflicts, the Kansas Legislature will be asked to add a line item to the Kansas Water Office's budget to pay for the expenses of contracting with private dispute resolution professionals.

# **Background Information**

\* CAP provides ombudsman services for customers of vocational rehabilitation (VR), independent living, and other programs funded through the Rehabilitation Act of 1973 as amended (the act). CAP helps individuals understand the services available through the act and advises them of their rights and responsibilities related to those services. Assistance (including information, conflict resolution and advocacy regarding appeal rights) also may be provided to help

- individuals resolve concerns or issues related to their individualized services.
- KAPS is a private, nonprofit corporation, independent of state government and providers of disability services. KAPS works with individuals with disabilities to protect and advance their human, legal and service rights. KAPS operates the protection and advocacy system that is authorized under the Developmental Disability Assistance and Bill of Rights Act of 2000. KAPS operates specific protection and advocacy programs for individuals with mental illness (PAIMI), individuals with developmental disabilities (PADD), beneficiaries of Social Security (PABSS), and persons with traumatic brain injury (PATBI). In addition, KAPS operates protection and advocacy programs related to individual rights (PAIR), assistive technology (PAAT), and voting access (PAVA). More information about KAPS is available at www.ksadv.org.
- \* Section 112 of the act requires each state to have a client assistance program. The governor determines whether a public or private agency should operate the program.
- \* Currently in Kansas, the CAP is administratively located in the Rehabilitation Services section of the Kansas Department of Social and Rehabilitation Services. CAP functions as an independent unit within Rehabilitation Services. The CAP director reports directly to the rehabilitation services director.
- \* Nationally, the following organizational structures are in place:
  - 11 states or territories have an internal client assistance program, meaning that it is located within the VR agency. This is the current structure in Kansas.
  - 29 states or territories have designated their protective and advocacy systems. In Kansas, this system or organization is KAPS.
  - 5 states or territories have assigned CAP to the office of the governor.
  - 6 states or territories have assigned CAP to state agencies that are not responsible for the provision of VR services.
  - 4 states have designated legal aid or nonprofit organizations.
  - 1 has designated a private law firm.
- CAP programs receive funding through the Rehabilitation Services Administration of the U.S. Department of Education. The Kansas CAP receives an annual grant of approximately \$121,000. 100 percent of these funds are federal; no state match is required.
- \* The governor must determine whether there is good cause to transfer the program. The reason for the proposed redesignation is that KAPS has raised concerns about the organizational location of CAP. KAPS' position is that CAP would be more independent in terms of service delivery if it were placed in an agency outside of the Rehabilitation Services organization.

#### **Public Notice**

The state of Kansas Medicaid is proposing to change the formula used for disproportionate share computations so that the application of the Kansas portion of inpatient days is only applied to the uninsured amounts. Previously, this portion was applied to both the uninsured and the Kansas loss on Medicaid. This will not have any impact on overall expenditures. A copy of the proposed state plan change, which has additional information, may be obtained from any local SRS office.

For any comments or additional information, contact Rita Haverkamp, SRS Health Care Policy, Room 651-S, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1570.

- (1) The ticket must have been issued by the Kansas lottery in an authorized manner and must not be counterfeit in whole or in part.
- (2) The ticket shall be intact to the extent that the lottery can determine whether the ticket is a winning ticket.
- (3) The ticket must not be altered or tampered with in any manner.
- (4) The ticket must not be blank or partially blank, miscut, misregistered, defective, or printed or produced in error.
- (5) The display printing on the ticket must be regular in every respect and correspond precisely with the artwork on file at the Kansas lottery or appearing in specific game rules approved by the Kansas lottery commission.
- (6) The ticket must not be stolen nor appear on any list of omitted or stolen tickets and must be identified and accepted by the Kansas lottery's instant ticket validation system as a valid winning ticket.
- (7) Play symbols must appear in the play area. Each play symbol must be exactly as described in specific game rules.

- (5) The lottery will enter information from the winner claim form and the affidavit into a database contained within the lottery's central computer system.
- (6) Lottery security will conduct an investigation to determine if the claim is or is not supported by the investigation and will submit a report with a recommendation to that effect to the executive director of the lottery.
- (7) If the executive director determines that the claim is otherwise supported by the investigation, and if no other claimant has presented the ticket in question, the prize will be validated through the lottery's central computer system on the last day of the expiration period. If the validation period expires on a weekend or on a holiday when the lottery is closed, the validation will be conducted on the next working day.

- incorporated by reference and govern unless otherwise indicated.
- (b) "Kansas Speedway Second Chance Drawing" means the act of drawing for prizes conducted by the Kansas lottery at the Kansas Speedway in Kansas City, Kansas, in which participants are selected to win various prizes as described in K.A.R. 111-4-2189.
- (c) "Non-winning ticket" means any valid \$2.00 Kansas instant game lottery ticket not eligible to win a prize under any instant game rules and purchased from the lottery selling location at the Kansas Speedway during selling hours until approximately 30 minutes following the last race of that weekend at Kansas Speedway.
- (d) "Receptacle" or "drum" means a container in which non-winning Kansas instant game lottery tickets are placed and from which the "Kansas Speedway Second Chance Drawing" is made. Receptacles or drums may be sealable and shall be capable of being mixed or rotated for the purpose of ensuring random distribution.
- (e) "Bare arm technique" means a type of drawing where the person drawing the winning ticket from the receptacle or drum wears a long-sleeved shirt with sleeve rolled up above the elbow, a short-sleeved shirt (sleeve not extending past the elbow) or a non-sleeve shirt which exposes the drawer's bare arm and looks away from the drawing drum or receptacle while drawing. (Authorized by and implementing K.S.A. 74-8710; effective, T-111-9-16-04, Sept. 10, 2004.)
- **111-4-2188.** Entry into drawing. Entry into the "Kansas Speedway Second Chance Drawing" ("drawing") is accomplished as follows:
- (a) Obtain a valid Kansas instant \$2.00 lottery ticket purchased from the lottery selling location at the Kansas Speedway during lottery selling hours until approximately 30 minutes following the last race of that weekend at Kansas Speedway.
- (b) Determine if the ticket is a winning ticket in accordance with any instant game rules. If the ticket is a winning ticket, it is not eligible for the drawing and shall be redeemed in accordance with the instant game rules;
- (c) If the ticket is a valid non-winning ticket, the ticket is eligible for winning the drawing and the holder of the ticket may enter the drawing;
- (d) The holder of the non-winning ticket must complete the information form on the back of the ticket in a legible manner;
- (e) The holder of the non-winning ticket must take the non-winning ticket with the completed information form to the location of the drawing and place it in the receptacle or drum provided;
- (f) The receptacle or drum shall be available and entries may be made at the times stated in K.A.R. 111-4-2186. Entries shall be allowed until the actual winner selection process begins;
- (g) The holder of the ticket is not required to personally attend the drawing or be present at the time of the drawing to be determined a winner;
- (h) There is no limit to the number of entries an entrant may make, but each entrant may only win one prize;
- (i) All eligible entrants must be at least 18 years of age. (Authorized by and implementing K.S.A. 74-8710; effective, T-111-9-16-04, Sept. 10, 2004.)

- **111-4-2189.** Determination of "Kansas Speedway Second Chance Drawing" winners and prizes. (a) At least five minutes before the drawing, a lottery drawing official designated by the executive director shall announce to the audience that the winner selection process will begin. Any persons wishing to enter the drawing who have not yet done so, shall immediately place their tickets into the receptacle or drum at this time.
- (b) The drawing official shall announce that entries into the drawing are closed. No further entries will be accepted.
- (c) The receptacle or drum shall be closed and either mixed thoroughly with a shovel or other means or rotated a minimum of 10 times to ensure random selection.
- (d) The drawing official shall designate one individual of his or her choice to participate in the selection process.
- (e) The selection of drawing winners shall be accomplished by the individual designated by the drawing official, using a bare arm technique, removing one ticket from the drawing receptacle or drum. A designated drawing official and a person representing Kansas lottery security, shall review the selected ticket to determine if the information completed by the player located on the back of the selected ticket is legible. If the ticket is determined to be valid and eligible to win and the name is determined to be legible, the name of the winner shall be announced to the audience. This process shall be repeated until three valid winners have been selected. Each valid entry drawn shall be marked in the order drawn, 1, 2, and 3.
- (f) After the tickets have been drawn and each entry has been verified as valid by lottery security, three more entries will be drawn, one at a time, to serve as alternate entries. The alternate entries will be marked in order drawn, 1A, 2A, and 3A. The alternate ticket entries will be used only if the original winners cannot be located or are declared ineligible, or fail to present a fully-executed claim form as required herein. The alternates will be used, if necessary, in the order drawn.
- (g) The first valid winner selected shall be awarded a prize of \$1,000. The second valid winner selected shall be awarded a prize of \$500. The third valid winner selected shall be awarded a prize of \$300.
- (h) The named persons are not required to be present in order to win the drawing prizes. The security representative conducting the drawing shall be responsible for the final determination concerning the eligibility of any ticket drawn. The first prize winning ticket drawn for each entrant invalidates all other entries for the drawing for that entrant.
- (i) Each winner of a prize as a result of the drawing shall return to lottery headquarters a completed claim form as provided by the lottery, which claim form must be actually received by lottery no later than 5:00 p.m. on the forty-fifth day following the drawing or the person named on the ticket drawn will no longer be eligible for the prize. - (f) The price of instant tickets sold by a retailer for this game shall be \$2.00 each.
- (g) "Cabela's Cash" is a ticket with two different games. Game 1 is a key number match game. A player will remove the scratch-off material to reveal two "YOUR NUMBERS" and eight "WINNING NUMBERS" with a prize amount below each of the "WINNING NUMBERS." If a player matches either of the "YOUR NUMBERS" to any of the "WINNING NUMBERS," the player wins the prize shown below that matched number. A player can win up to eight times in this play area.

Game 2 is an instant win game. A player will remove the scratch-off material to reveal one play area. If a player reveals a "HAT" symbol, the player can redeem this prize at any designated Cabela's retail store or Kansas lottery regional office. If a player reveals any prize amount, the player wins that amount instantly. A player can only win once in this game play area.

- (h) Each ticket in this game may win up to nine times.
- (i) Approximately 900,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 300,000 tickets, and the same odds as were contained in the initial ticket order.

#### Article 6.—ON-LINE GENERIC GAME RULES

- **111-6-1. Definitions.** (a) All definitions contained in the Kansas lottery act (K.S.A. 74-8701 *et seq.*) and amendments thereto, and lottery regulations adopted pursuant to the Kansas lottery act are hereby incorporated by reference.
- (b) "On-line Game" or "game" means a lottery game in which a player selects a combination of numbers or symbols, the type of game and amount of play, and the drawing date(s) by use of a computer. In return for paying the appropriate fee, the player receives a computergenerated ticket with the player's selection printed on it.

The Kansas lottery will conduct a drawing to determine the winning combination in accordance with the rules of the specific game being played. Each ticket holder whose valid ticket includes a winning combination shall be entitled to a prize if the ticket and a valid claim form are submitted within the specified time period.

- (c) "On-line Retailer" or "retailer" means a person or business authorized by the Lottery to sell on-line tickets.
- (d) "On-line Terminal (OLT)" or "terminal" means the computer hardware by which an on-line retailer or player enters the combination selected by the player and by which on-line tickets are generated and claims are validated.
- (e) "On-line Ticket" or "ticket" means a computer-generated ticket issued by an on-line terminal to a player as a receipt for the combination a player had selected, including an exchange ticket. That ticket shall be the only acceptable evidence of the combination of numbers or symbols selected.
- (f) "Drawing" includes the procedure determined by the executive director by which the lottery selects the winning combination in accordance with the rules of the game or the procedure of removing non-winning tickets or other types of entry forms from a receptacle or drum in a drawing event conducted by the lottery. Various types of drawings and procedures involve the following:

(1) Those utilizing ball sets are open to the public, and are required to be witnessed by a lottery security officer and a drawing manager. Furthermore, the equipment used in any drawing must be inspected by the lottery security official present before the drawing.

- (2) Winning number combinations may be generated through the use of a computer-driven random number generator located at lottery headquarters as provided by specific game rules. The generator shall be statistically analyzed, tested, and certified by an independent qualified statistician for integrity. Periodic checks shall be made to ensure the security and integrity of the system at least quarterly.
- (3) Drawing events requiring non-winning tickets or entry forms from a receptacle or drum shall be conducted in accordance with specific game rules and K.A.R. 111-6-6
- (4) All drawings and inspections are required to be recorded on both video and audio tape.
- (g) "Quick pick" or "computer pick" means the random selection of numbers or symbols which appear on a ticket and are played by a player in a game.
- (h) "Winning combination" means one or more numbers or symbols randomly selected at each on-line game drawing which shall be used to determine winning plays contained on a game ticket.
- (i) "Validation" means the process of determining whether an on-line ticket presented for payment is a winning ticket.
- (j) "Ticket holder" or "holder" means the person who has possession of an unsigned ticket or the person whose signature appears in the area upon a ticket designated for signature.
- (k) "Executive director" means the executive director of the Kansas lottery or the person designated by the executive director.

(continued)

- (l) "Social environment establishment" means a retailer licensed to serve cereal malt beverage and/or alcohol for consumption on premises.
- (m) "Attempt(s) to cancel" means that a retailer enters cancellation data into an on-line terminal or is informed by a player, prior to the first drawing for which the ticket was eligible, that the ticket was produced in error either because of a terminal malfunction or by miscommunication between a player and a retailer.
- (n) "Problem ticket" means any on-line ticket erroneously produced either by terminal malfunction or by miscommunication between a player and a retailer.
- (o) "Receptacle" or "drum" means a container in which non-winning tickets or entry forms are placed and from which the drawings are made. Receptacles or drums shall be sealable and drums shall be capable of being mixed or rotated for the purpose of ensuring random distribution.
- (p) "Day," "business day" or "operations day," when referring to an on-line game, means the 20-hour period starting at 5:00 a.m. and ending at 1:00 a.m., the following day, unless specified otherwise in individual game rules.
- (q) "Exchange ticket" means a computer-generated ticket issued by an on-line terminal to a player in exchange for an original ticket containing consecutive games or multi-draws where one or more games have been won on the original ticket but the original ticket is still valid for any games for which one or more drawings have not yet been conducted.
- (r) "Win-check" means the act of scanning the bar code of an online ticket on a Kansas lottery terminal or other device supplied by the Kansas lottery to determine if said ticket contains a winning combination, but without validating the ticket. (Authorized by and implementing K.S.A. Supp. 74-8710; effective, T-89-4, Jan. 21, 1988; amended, T-111-1-27-89, Jan. 26, 1989; amended, T-111-10-10-90, Sept. 15, 1990; amended, T-111-12-21-90, Dec. 14, 1990; amended, T-111-9-20-91, Sept. 20, 1991; amended, T-111-7-1-92, June 26, 1992; amended, T-111-9-1-92, Aug. 28, 1992; amended, T-111-3-26-93, March 19, 1993; amended, T-111-3-3-94, Feb. 25, 1994; amended, T-111-7-22-96, July 19, 1996; amended, T-111-9-4-96, Aug. 16, 1996; amended, T-111-3-4-98, Jan. 16, 1998; amended, T-111-3-31-00, March 17, 2000; amended, T-111-9-16-04, Sept. 10, 2004.)
- **111-6-7. Validation requirements.** (a) To be a valid winning on-line ticket, all of the following conditions must be met:
- (1) The ticket data must have been recorded in the central computer system prior to the drawing and the information appearing on the ticket must correspond with the computer record to the extent necessary to determine whether the ticket is a winning ticket.
- (2) The ticket shall be intact to the extent that all information appearing on the ticket corresponds with the lottery's computer records.
- (3) The ticket shall not be mutilated to the extent that the lottery is unable to determine whether the ticket is a winning ticket.
- (4) The ticket shall not be altered or tampered with in any manner.
- (5) The ticket shall not be counterfeit or a duplicate of another winning ticket.

- (6) The ticket must have been issued by an authorized on-line retailer in an authorized manner.
  - (7) The ticket must not have been stolen or cancelled.
  - (8) The ticket must not have been previously paid.
- (9) The ticket must contain numbers which make it eligible to win a prize pursuant to specific game rules as determined by the lottery.
- (10) The ticket shall pass all other confidential security checks of the lottery.
- (11) The ticket must be validated through the lottery's computer system.
- (12) The ticket shall be the only valid evidence for claiming a prize. A play slip or a copy of the ticket has no monetary or prize value and shall not constitute evidence of a ticket purchase or of numbers selected.
- (b) Any ticket failing any of the validation requirements listed above is invalid and ineligible for a prize. The final decision on whether a prize is paid will be made by the executive director.
- (c) In the event of a dispute between the executive director and a claimant as to whether a ticket is a valid winning ticket, and if the executive director determines that the ticket is not a valid winning ticket and a prize is not paid, the executive director may replace the disputed ticket with a ticket of equivalent sales price for a future drawing of the current game or refund the cost of the ticket. These shall be the sole and exclusive remedies of the claimant.
- (d) In the event a defective on-line ticket is purchased or is damaged as it is issued from an authorized terminal to the extent that it does not contain all validation and the lottery's security requirements, the only responsibility or liability of the lottery or the on-line retailer shall be the replacement of the defective on-line ticket with another on-line ticket for a future drawing of the same game.
- (e) In the event an incorrect number is entered into the lottery's on-line computer system terminals following a drawing described in specific game rules and the incorrect number is reflected in reports generated by the computer system, the lottery shall not be responsible for the payment of claims presented as a result of the entry of an incorrect number in a computer system terminal which may have been used in the validation process.
- (f) Subject to certain conditions, prize payment may be made for an on-line ticket that is not received or not recorded by the lottery by applicable deadlines. The following conditions may constitute exceptions to the validation requirements previously identified in subsections (a), (b), (c), (d) and (e):
- (1) Consideration will only be given to claimants with on-line tickets or shares that have been destroyed or lost during or following a validation attempt or win-check at an authorized retail location.
- (2) A record of the event must be contained within the database of the lottery's central computer system accurately identifying the retailer, the validation attempt or win-check, the date, ticket serial number, the time of the event, the terminal number, and the prize amount.
- (3) The claimant must present the claim to lottery headquarters office in Topeka, be authorized to purchase an on-line ticket or share, be eligible to claim a prize, and be

the rightful recipient of the prize claimed as determined by the lottery.

- (4) The claimant will complete and sign both a Kansas lottery winner claim form and an affidavit providing the following information: the prize amount claimed, the retailer name, address, and city where the ticket was purchased, the game played, the date of purchase, the time of purchase, the type of wager (quick pick or personal selection), the numbers wagered if personal selection, the dollar value wagered, the retailer name, address, and city where the validation attempt or win-check occurred, the date and time the validation attempt or win-check occurred, the manner or means by which the ticket or share was destroyed or lost, if applicable a description of the clerk or retailer who performed the validation attempt and destroyed or lost the ticket, and any other information that will establish the validity of the claim.
- (5) The lottery will enter information from the winner claim form and the affidavit into a database contained within the lottery's central computer system.
- (6) Lottery security will conduct an investigation to determine if the claim is or is not supported by the investigation and will submit a report with a recommendation to that effect to the executive director of the lottery.
